**A LIFE-LONG REPUBLICAN WHO STRONGLY
SUPPORTS PRESIDENT TRUMP.**

LOWER TAXES.
Rita Parks supports President Trump's tax cuts that are creating thousands of jobs, helping American families, putting more money in the pockets of the hard working American, and are creating new economic prosperity and revitalization.

LESS SPENDING.
As a general fund conservative Republican, Rita Parks has never asked for more tax funds, will always look for ways to reduce the size and scope of government, and will fight cost effective conservative ways to fix infrastructure improvements we need to keep our infrastructure growing.

MORE JOBS.
Job-creating laws and regulations are the often a focus of lagging the management and productivity. Who should welcome everyone who wants to create a business, grow their life and show them how to be here for their dream the Republic to bring and protect, until we can move.

CONSERVATIVE REPUBLICAN

NICOLE MALLIOTAKIS NO NONSENSE LEADERSHIP

LOWER TAXES & CREATING JOBS

As the state assembly, Nicole proudly voted against tax increases 138 times, and she led the fight to reform New York City's property tax system to protect Staten Island and South Brooklyn homeowners. As a great fiscal conservative with a record of voting against out of control spending increases, to Albany Nicole will be a responsible steward of our federal tax dollars, stand up against the liberal tax and spend agenda, and work to rebuild our economy and restore American jobs.

FIGHTING ILLEGAL IMMIGRATION

Nicole is a strong supporter of sanctuary cities. She courageously stands and drives legislation for illegal immigration. When the liberal Democrats in Albany tried to pass a law enabling illegal immigrants to register to vote in her district, Nicole courageously opposed the law from passing.

KEEPING OUR STREETS SAFE

Nicole led the fight against the liberal Democrat's pro-crime policies, including the now ending cash for drugs compromise. Charged with serious crime like robbery, drug dealing and even homicide, Nicole also forced de Blasio to allow law enforcement to deport criminals who commit these crimes.

NICOLE IS ENDORSED BY PRESIDENT TRUMP

IT'S TIME FOR A HEALTHCARE TRANSFORMATION IN FLORIDA
Improving Access and Outcomes at Lower Costs.

Twenty cents of every dollar spent in America is spent on healthcare. This trend is threatening our national economy and little has been done to slow its growth.

Government intervention has continued to make further and further into healthcare, in much the same way that the federal government has taken a 200% increase in money spent on administrative services rather than the delivery of care.

As our State Representative, James Grant is recognizing healthcare innovation and experimentation by removing barriers and reducing costs. We should make sure that the status quo isn't working and we won't continue to fund failure.

We must aggressively break down barriers to innovation. Healthcare forward thinking care delivery models, and through the costs of administrative and bureaucratic work that is keeping the doctor or the patient.

James Grant knows that doing so will begin the necessary transformation of healthcare in Florida and set a blueprint for the country.

Dear <<FIRST NAME>>:

Your Republican Party is continuing to build off the success of last year... BUT the direction we head in next... is all up to you.

Are you going to let Democrats take away our freedoms from us again?

Your continued support of the Republican Party of Virginia was a pivotal part of the Great Republican Clean Sweep of 2021, however now is not the time to become complacent.

The Left is waging a war against our children's education and our public schools.

You were told by Democrat Terry McAuliffe that you were the problem. You were told that you don't deserve a fair trial and a fair education and that you should have any idea with what they're being taught.

This was not only for our country but the Democrats thought that you wouldn't do anything about it... but you did. You stood up for parents and the future of the next generation and your support truly made the difference.

The truth is, an indoctrination of our children was already happening, no matter what the Left and the mainstream media were trying to spin.

Thanks to Governor Youngkin's leadership, the first Executive Order he signed banned political indoctrination from the Left, including critical race theory.

But our work isn't done yet. We must ensure the radical left can't inject their progressive agenda into our school systems by stopping them from taking over our School Boards. We are building out a ground game to win again this November, making sure we have the resources this year to ensure Republican victories at the local level all across our Commonwealth.

Will you chip in to make sure we can win back School Board seats this year? Your support of \$5,000, \$2,500, \$1,000, \$500, \$250, \$100 or \$50 will make the difference in the freedom our children have in their schools.

Dear <<FIRST NAME>>:

What is Sherry (he going to do now? His America Last agenda is going to destroy EVERYTHING President Trump accomplished.

I'm Jose Castillo and I'm running for Florida's 9th Congressional District to FLIP a Red in 2022.

Born in the United States, I was brought up by a strong, single mother in Honduras who instilled conservative values in me from a young age.

I've seen the corruption and failure of socialist government in Central America firsthand.

The freedom of the United States has allowed me and my family to prosper, earning my MBA from Tulane and making my way up leadership at Visa (Disney World).

The Democrat Lockdown has destroyed families and businesses across America and I've seen it firsthand in our community and we can't go back. We MUST remain open for business.

I lost 20 jobs as being asked in Florida from hard working Americans read as a founding member of the Political Legal Immigrants USA movement, we're working to defend our founding principles.

The Biden Border Crisis is getting worse. We must secure our border, help build the wall and protect America jobs.

Will you help fight with me to TAKE our country back? I can't stand back anymore and watch socialist destroy America.

The Left wants you to rely on government money, sit at home and continue to close small businesses across the country.

President Trump fought for us, now we must fight for him and take this great right out of Nancy Pelosi's hands. Your most generous gift of \$2,500, \$2,000, \$1,500, \$1,000, \$500, \$250, \$100 or \$50 TODAY helps take the Florida 9th RED again.

Dear <<FIRST NAME>>:

Thank you for all you have done to support me over the years. Representing you in Congress and fighting for the Constitutional principles that have made our Republic a beacon of hope for the world is a great honor. I could not have gotten here without your past support.

As you know, 2022 is an election year for me and it has already been an interesting few months. I have an opponent in the Republican primary (June 21 Primary Election Day), and I also have a Democratic opponent in the General Election (Nov. 8th). Both opponents are already working on the ground of raising a campaign about why they should represent the 1st Congressional District. I'll continue talking about my conservative record and how I can be a conservative voice in Washington, something we all need right now.

During my short time in Washington, I've watched the Democrat Party move even further to the left. Sen. Biden, Kamala Harris, there are all enough conservatives to fight the leftist policy agenda.

But to keep fighting Pelosi and Biden, we must win elections like mine. My campaign is already working hard because I have elected only 46 states, and we must counter the 1st Congressional District against in Republican hands.

My campaign must fix a fundraising report with the Federal Election Commission which details our efforts for the first Quarter of the year. National Democrats will use these reports to see who is vulnerable, and they will then flood those districts with money from liberal influencers like George Soros, Michael Bloomberg and others.

In order to compete with the money from Soros and Bloomberg, I need your financial support before the March 31st deadline. Your contribution of \$2,500 (the maximum individual contribution allowed), \$2,000, \$1,000, \$500, \$250 or even \$50 will go a long way toward helping me defeat the socialist Democrats who will be looking to support my Democratic opponent.

With your support, I will be able to compete and win in June, and then win again in November.

A reply form is enclosed for your convenience. You can also contribute online at www.BenCline.com.

Thank you again for your consideration. I will look forward to hearing back from you.

Sincerely,

Ben Cline

PRINCIPLED CONSERVATIVE LEADER

I DON'T LIVE IN WASHINGTON.

I live in the little town of Metairie and I drive home every day to the same home I first purchased in 1981, with my wife, Kathryn, of 40 years. I drive past Capital Elementary in Westmoreland County, where Kathryn has taught for 40 years. I pass by my 603 homes where they live with my six grandchildren.

On my travels throughout the First District, I pass by the school in Hanover where my Mom worked as a teacher. I drive through Loudoun where I had my first job working on a farm at a tomato company, and Reston where I worked on a fishing boat on the Northern Neck, and where my son currently works as a waterman.

This is my home and I work hard every day to protect our way of life and make this area an even better place to live, work, and raise a family.

about ROBERT...

Robert Byron Hupman was born in Front Royal, VA, and learned the value of hard work and service to his community at a young age. Growing up, Robert worked on his family farm, Hazard Mill Farm, in Bontsville and was heavily involved in 4H.
